SUMMARY

Final year B.Tech student with strong foundations in Python, Java, and cloud technologies (AWS). Experienced in building real-time computer vision and Natural Language Processing(NLP) applications using frameworks like PyTorch, Hugging Face, and spaCy. Seeking software engineering opportunities to apply skills in AI/ML, full-stack development, and cloud infrastructure to solve complex technical problems.

EDUCATION

Annamacharya Institute of Technology and Sciences , Rajampet	2022-2026
B.Tech in Electronics and Communication Engineering	8.74
Sri Chaitanya Junior College , Tirupati	2020-2022
Board Of Intermediate Education-MPC.	91.3
Z.P High School , Puleru	2019-2020
Secondary Education.	9.8

PROJECTS

SIGN LANGUAGE TO TEXT TRANSLATION WITH COMPUTER VISION: BRIDGING A COMMUNICATION GAP:

Developed a bridging the communication gap between the hearing and non-hearing-impaired individuals. Sign language is power way to express their thoughts and emotions, but it can't understand universally. Developed a real-time gesture and sign recognition system to bridge communication for individuals with speech or hearing impairments.

TOOLS AND TECHNOLOGIES: Python, OpenCV, Media Pipe, Raspberry Pi

SKILLS

Programming Languages: Java (Beginner), Python, C

Professional Skills: Communication, Leadership, Teamwork, Adaptability

Tools: MSOffice, VSCode

WebTechnologies: DEVOPS, HTML, SQL, AWS(EC2,S3,EBS,EFS,RDS,IAM,AMI,VPC), GIT/GITHUB, DOCKER, JENKINS, AGILE METHODOLOGIES

Languages: Telugu (Fluent), English (Proficient)

INTERNSHIPS

1. Advanced Data Science And Data Visualization In Python

Advanced data science in Python focuses on analyzing complex data and building predictive models, while data visualization focuses on presenting insights in a clear and interactive way.

2. Java Programming

Proficient in Java programming with strong knowledge of object-oriented concepts like inheritance, polymorphism, and encapsulation.

CERTIFICATIONS

*Certified in java programming	(2026)
*Certified in Introduction to Data Science	(2023)
*Certified in Python for Educators	(2024)
